

House That Faux Built Opens Soon

With the help of an army of artists, the House That Faux Built will soon be open to the public.

May 10 & 11—Press Event

May 12 (Fri) - Gala Black Tie Grand Opening

May 13 & 14—Designer & other VIP events

(The above events are by invitation or special arrangement only.)

**Open to the Public
May 15—Jun 15**

Special events for SALI chapters can be arranged through Adrienne van Dooren, van-doorena@hotmail.com or 571-239-6656.

One hundred percent of the proceeds for the public events will be donated to Habitat for Humanity for Hurricane Victims and animal rescue in the same area.

The companion book detailing the project will be published in June.

Stained concrete stairs and landing by Dan Mahlmann of Decorative Concrete of Md, Inc., and Gary Arvanitopoulos of Exquisite Fine Finishes by Gary

One of our new members, Dan Mahlmann of Decorative Concrete of Maryland, Inc. (www.decorativeconcreteofmd.com) did an exceptional job artistically staining the exterior stairway and landing of the kitchen entrance of the House That Faux Built. He was assisted by Gary Arvanitopoulos of Exquisite Faux Finishes by Gary (Erie, Pa, 814-440-1656).

With Boulder Image's environmentally friendly Eurostain, Dan and Gary stained the stairs to be faux black granite

The landing was stained to emulate an inlay black granite design on sandstone surrounded by faux wood designed to replicate the adjoining real decking wood. The intricate black granite inlay was accomplished with a Modello.
